About ParentChild+

ParentChild+ uses education to break the cycle of poverty for families furthest from opportunity. We engage early in life and help toddlers and their parents access a path to possibility. What we provide isn't just early literacy, it is early opportunity. For families living in underserved communities, we are a first step on the ladder to success. It isn't as easy as ABC. It is hard work. It is crucial work. What gets us up each morning is the inspiring thought that for every child experiencing a more level playing field, the equity gap closes a bit more and the possibilities and opportunities expand.
