

## Checklist for Sites to Prepare for Virtual Visits

### 1 TECH SETUP

- Staff have equipment & tech support needed
- Assess whether families have the tech set up for virtual visits
- Some families may need some tech support
- Privacy & security (HIPPA)

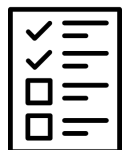

### 2 ASSESS FAMILY NEEDS

- Consent from family whether they would like to have Virtual Visit
- Contact maintenance for some families who can't (texts, letters, calls etc)

### 3 PRACTICE PROTOCOLS

- Follow guidelines provided by state and local authorities to deal with COVID-19
- Gather up-to-date local resources in order to connect families
- Support family & extend beyond the usual home visit
- Create your site's own protocols and standards based on the needs of families and staff
- Family-led, flexible & creative
- Create boundaries

### 4 SUPERVISION & NETWORK SUPPORT

- Take care of yourself
- Provide staff extra support and supervision
- Join the network, share your experience and learn from each other
