## Reporting DAISY Errors

We know it is frustrating when we cannot recreate the error you have experienced, here are a few tips for reporting errors that can help us identify them and speed up the process.

- When an issue is unique to a particular user account or child profile, we are unable to move forward with troubleshooting without replicating the issue on our end. Replicating the issue not only confirms the issue as a system error, but also provides the specific information our developers need to fix the error.
- Please send all DAISY related questions directly to our dedicated email address, [DAISYHelp@parentchildplus.org](mailto:DAISYHelp@parentchildplus.org), rather than to individual national center staff, that way your questions will immediately get in the queue.

## Join Us on Slack

ParentChild+ has a #daisy channel dedicated to all things DAISY. Slack is a great communication tool to ask fellow program staff DAISY-related questions. **It is also the fastest way to learn about a glitch, a glitch fix, or a new feature or training, I post them in real time as soon as I know.** [Click here](#) to join our channel to stay up to date on DAISY system updates.
