ParentChild+
Equal Possibilities From The Start

January 2026

Dear Site Coordinator,

As we begin 2026 together, we want to restate our commitment to the implementation and quality of our home visiting models in your community. Thank you for the work you've put in – it's borne out as families and childcare providers witness their children succeeding in kindergarten throughout your community.

At the beginning of every calendar year, your site pays the replication fee, which enables your community's access to ParentChild+, an international evidence-based network of home visiting models. The fee supports model implementation across communities by providing shared standards, training, technology, and infrastructure. It allows us to carry out the work collectively, rather than site by site, and it is the foundation for the support outlined below. These resources are maintained at the national level, allowing sites to focus on families and providers, rather than building systems alone.

Quality, Fidelity + Program Implementation Support

- Training and technical assistance grounded in best practice
- Continuous quality improvement support across all sites
- Administrative support, communities of practice and professional development opportunities
- Updated program guidance, materials, and implementation tools

Research + Evidence Base

- Ongoing research and evaluation to maintain and strengthen model evidence
- Support to meet federal and state evidence requirements (e.g., HOMEVEE)
- Data analysis and outcome reporting resources
- DAISY (scheduling, reporting, dashboards, funder-required reporting)
- Elevate+ 24/7 online learning system
- Access to site-level reports and required funder documentation

Advocacy + Visibility

- National, state, and local advocacy for program visibility & to expand home visiting/HBCC funding
- National and regional fund development and philanthropic partnerships
- Grant research and proposal support for local fundraising efforts
- Public and private fundraising to increase resources flowing to sites

For this year, we have decided to hold the annual fee flat. We know that this is a very difficult time in the non-profit community. We are all feeling the pinch of contracted funding. Keeping the annual site fee level this year is a small measure to help each of you in the ParentChild+ network stretch dollars further.

We appreciate your ongoing partnership and look forward to the work ahead in 2026.

With appreciation,
ParentChild+ National Center

FY 2026 Annual Fee Schedule

Family Home Visiting Model

Number of Families	Fee
<50	$475
51-100	$625
101-150	$725
